

As a tax-paying, law-abiding, U.S. citizen, I DO NOT support the government's plan to compel Internet broadband and VoIP providers to open their networks up to easy surveillance by law enforcement agencies. Allowing this plan to succeed subjects law-abiding citizens to unnecessary and additional risks of having their private information abused, as non-law-abiding citizens/non-citizens will continue to find ways to circumvent whatever security policies are in place, thus making this plan ineffective in accomplishing its purpose.
